vinayakkashyap149@gmail.com linkedin.com/in/vinayak-kashyap

SKILLS

- **Frontend:** React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3
- **State & Data:** Redux, RTK Query, REST APIs, Axios, JSON
- **UI & Styling:** Tailwind CSS, Material UI, Responsive Design, Figma
- **Backend & Auth:** Node.js, Supabase, Redis, Role-Based Access Control (RBAC), Authentication, Authorization
- **Tools & Platforms:** Git, GitHub, GCP, Docker, Webpack, VS Code, CI/CD
- **Testing & Practices:** Jest, React Testing Library, Integration Testing, Code Review, Agile, Scrum, Cross-functional Collaboration

EXPERIENCE

Full Stack Engineer — Quokka Labs LLP Sep 2025 – Present

Tech stack: React.js, Next.js, TypeScript, Node.js, Redis, REST APIs

- Full Stack Engineer for **GP World**, architecting logic for order and real-time operations across cross-functional teams.
- Refined auth workflows using **JWT and Redis**, reducing latency and hardening system security via code review practices.
- Spearheading **WriteEasy** frontend using Next.js SSR with performance optimization to boost SEO.

Associate Software Engineer — Quokka Labs LLP Sep 2023 – Aug 2025

Tech stack: React.js, Next.js, JavaScript, Redux Toolkit

- Engineered **3+ production apps**, ensuring high availability, performance optimization, and cross-platform compatibility.
- Developed admin dashboards with **RBAC**, integrated REST APIs for real-time reporting, and led code review sessions.
- Built **reusable component libraries** and established CI/CD workflows, accelerating the development lifecycle by 20%.

Software Engineering Intern — Quokka Labs LLP Feb 2023 – Aug 2023

Tech stack: React.js, JavaScript, Tailwind CSS

- Constructed responsive React interfaces and improved UI flow using modern JavaScript.
- Resolved **15+ critical UI bottlenecks**, ensuring stable releases for client demonstrations.
- Integrated third-party APIs, gaining experience in async data and state management.

KEY PROJECTS

ZtayGo – Rental Property Platform

- Built a full-stack rental platform with tenant/property management, complaints handling, payments, and CMS.
- Developed responsive Next.js/React.js frontend with secure Node.js backend APIs for scalable multi-role operations.
- Integrated **Stripe/Razorpay** payments, **Twilio OTP** auth, **Google Maps**, and **Supabase** auth/database.
- Delivered admin dashboard with analytics, property monitoring, and **RBAC**-controlled operational workflows.

GP World – Restaurant Management Platform

- Managed end-to-end development of a live restaurant system governing orders, users, and admin operations.
- Strengthened auth protocols and upgraded REST APIs, resolving production bottlenecks and boosting security.

WriteEasy – AI Content Generator

- Launched an AI-powered content platform using Next.js, React.js, RTK Query, and Supabase.
- Accelerated page load by **30%** via optimized rendering; established secure auth for **100+ active users**.

RTD – Race Management System

- Provisioned RBAC, user impersonation for **500+ users**, and tuned APIs curtailing response time by **35%**.

AWARDS & RECOGNITION

- **Reward and Recognition Award** — Quokka Labs May 2024
Conferred for exceptional frontend delivery and surpassing critical project milestones.
- **Reward and Recognition Award** — Quokka Labs Aug 2024
Commended for successfully delivering a solo project with high-level ownership.

EDUCATION

- **B.Tech – Computer Science and Engineering**, JSS Academy of Technical Education, Noida 2019 – 2023
